

Pompton Lakes Public Schools

High School Student Code of Conduct

We believe that high school is a time for our students to grow into mature young adults. Therefore, we utilize a progressive discipline philosophy and also seek to make any required discipline focused on students' learning from the experience.

An essential aspect of our approach is to promote positive student development and reinforce expected behaviors. As a result, our high school offers a wide range of privileges and incentives for students who follow school rules and promote our safe, orderly and positive school climate (i.e., open lunch, talking study, senior privilege).

Our discipline standard requires that we address any action of which we are made aware by investigating and, if necessary, implementing discipline. Our philosophy of progressive discipline focuses on teaching a student to behave properly. Consequences are logically applied and take into account the circumstances surrounding the incident and the child's previous record of behavior. Possible consequences include:

- Discussion with student
- Discussion with parent
- Teacher detention
- Central Detention
- Exclusion from Co-Curricular Activities
- Suspension or expulsion

We do not discriminate based on gender, age, religion, sexual orientation or any other protected class and our policies and practices are implemented without regard to membership in such groups. We do not make public the disciplinary actions we impose on a student. We respect the privacy of all students.
