

Pompton Lakes Students and Guardians Get an Easier Way to Track Progress and Stay Informed

Pompton Lakes will always strive to give you new and better ways to stay informed.

This year, students and guardians can download a new mobile app for OnCourse Connect, Pompton Lakes's portal for retrieving student schedules, grades, teacher feedback, and attendance.

On your mobile device, you may already have an app shortcut on your smartphone (see pictures: Android on left, iPhone on right). Before getting the new app, we encourage you to delete these icons if you have them.

How to Get the New OnCourse Connect App

1. Visit the App Store/Google Play Store from your iPhone or Android phone
2. Search for "OnCourse Connect" and download the app
3. Enter your district-issued username and password. This was created when a student was initially registered or when Annual Registration was completed.
Don't remember your login? Press the Forgot Password link on the app home screen.

If you need help, please contact Adrianna DiCosimo at:

- adicosimo@plps.org
- 973-835-7100

*Parents/Guardians can also access their account using the following URL after initial/annual registration:

<https://www.onscourseconnect.com/login>
